# Nevron **turnkey** IPTV Solution

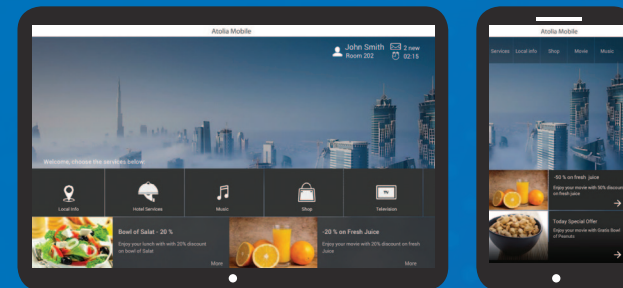

Nevron provides a whole range of IPTV products for establishing any kind of IPTV system. IPTV Streamers, Transcoders, IPTV Middleware and IPTV Mobile Solution are just a few of the most essential components of a state of the art IPTV Solution.

- Nevron is also *open to other providers of IPTV components* and can enrich their components with products that result in turnkey IPTV solutions for the client.
- *Cable operators, OTT service providers, telecommunication operators and hotels* can implement and adapt Nevron IPTV Solution according to their needs and business goals.

## Nevron **5 Star** IPTV Middleware

Powered by Nevron's cutting edge IPTV Middleware technology, Nevron brings an amazing interactive TV experience to users, ranging from hotel guests to residents in the comfort of their homes.

- Access to video services on *any device, anywhere and at any time.*

# Nevron IPTV products cover the following **industries**

Nevron provides a turnkey IPTV Solution to various businesses in a wide variety of industries.

## **Accommodation** industry

hotels, resorts,  
apartments, boutique  
hotels and villas

## **Residential** industry

telecommunication service  
providers, cable service  
providers, ISP providers  
and OTT service providers

## **Maritime** industry

cargo ships, cruise ships,  
river ships, oil rigs and  
ferryboats

## **Healthcare** industry

hospitals, retirement  
homes and other medical  
facilities

## **Educational** industry

dorms, faculties  
and other training  
facilities

According to analyst assessment, the IPTV/OTT market share is climbing, and by 2018 it will increase up to 18% of the global market, while cable and satellite television market shares are on the decline. The growth rate of IPTV/OTT beats all the existing modern technologies. Taking into account that IPTV covers a mere 12% of the global market share at the moment, the business of IPTV services is currently one of the most attractive segments.

(Source of statistical data: Analysis Mason, 2013)

Nevron IPTV products  
are available as a
